Hi Jill,
Thank you for the follow-up information.
I'm still researching this.
What are the dimensions of the tent?

As I mentioned yesterday, it is simply put up when needed and removed when no longer needed (and is always removed prior to range closure). I am not aware of any issue with this use, but if there is, please provide me with the authority that would prohibit this use.

Hello So Kim,

I don't not recall hearing about an approved conditional use permit for a pop up structure that has been in place for over a week and is conducting business in a protected habitat area in violation of the Local Coastal Plan for Rancho Palos Verdes.

Please instruct the golf course that this structure is not allowed and they cannot circumvent the Coastal Commission rules, apparently the city does not care.

Best regards,
Chris Pisano
